Bullying, harassment or intimidation is an intentional written, verbal, electronic, or physical act that a student has exhibited toward another particular student more than once. The behavior both causes mental or physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student. It can also take the form of violence in a dating relationship. Students found responsible for harassment, intimidation, or bullying by an electronic act may be suspended.
